How to set your affiliation for the IRB mandatory training:

When you log in, change your course selection by clicking “Add a course or update your learner groups”.
Then, click the Group 1 option in Question 2.

Once you exit that window, you may need to re-enter the course to get it to complete, but you should not have to actually re-complete the required modules (if the system shows that you completed and passed them).

If you accessed CITI training without going through myUFL to tie into your UFID, you will have to ask that your “member profiles” be merged, making sure to keep the ID of the one linked to your UFID. See: http://citiprogram.desk.com/customer/portal/articles/163321-i-currently-have-two-learner-accounts-can-i-merge-them-into-one-citi-program-account.
